

# SCHOOLKIT AT HOME

**WATCH:** World War 1 Cousins by the legendary people at [Horrible Histories World](#). The reasons behind why we had to have a First World War can be very confusing but if you want to watch the full playlist HH do a fantastic job (<https://bit.ly/3eCqN0J>)

**TALK:** Does your family have anyone that fought in World War 1? They would definitely be a great if not a great great or maybe even a great great great. Where did your family live during the First World War 1914-1918? Were they in New Zealand yet?

**DO:** Use [Auckland Museum Cenotaph Database](#) to search for New Zealand soldiers that fought in the First World War. You could try searching for

- a name of someone in your family who you know served
- a name from a cenotaph that you see when you go for your daily walk.
- just your family surname
- the name of where you live (the street or the town).

Don't forget to scroll down the page and leave the soldier a poppy in remembrance.

You can find the database here: <https://www.aucklandmuseum.com/war-memorial/online-cenotaph>
