TALK: Would you try any of those ice cream flavours? What one do you think would be the most delicious? How about the worst? What flavours do you like? What flavours do you hate? What could you mix together to make the best and worst ice cream flavour?

DO: Create weird ice cream flavours.

Come up with 3 delicious ice new ice cream flavours, and then 3 disgusting ones. Use a maximum of 3 ingredients for each flavour. Ask the people in

your bubble to vote for the flavour they think is the best and find your winner. Bonus points if you actually create your ice cream. Use this recipe as a guide and add in your flavours
