

SCHOOLKIT AT HOME

WATCH: Octopus 101

TALK: Blue blood... 3 hearts and 8 arms. Who wouldn't be fascinated by these amazing creatures?

DO: Learn what you can about the octopus, share your findings with others in your bubble. Face time, zoom or Skype a relative to tell them what you've learnt. How else can you present what you found out, in an interesting way?

The image shows a YouTube video player interface. The main visual is a close-up of a red octopus with its tentacles spread out, set against a dark background with some green foliage. In the top left corner of the video frame, the 'NAT GEO WILD' logo is visible. Below the video frame, there is a grey information bar containing the text 'YOUTUBE.COM', the video title 'Octopuses 101 | Nat Geo Wild', and a partial description 'How many hearts does an octopus have? How do species like the mimi...'. A small circular icon with an 'i' is located in the bottom right corner of the video frame.
