TALK: Does anyone in your family know what Jazz is? Can anyone in your bubble sing the way that Ella Fitzgerald does? It is called scat singing.

DO: Jazz is a very special kind of music that has the power to do very special things to music that you might already know.

1. Listen to this album **Jazz for Kids** by a very famous and special man called [Wynton Marsalis](https://wyntonmarsalis.org/discography/title/jazz-for-kids). <https://wyntonmarsalis.org/discography/title/jazz-for-kids>
2. There are 10 songs on the album. Can you work out what the songs are just by listening to them (don't look at the titles).
3. Once you work out a song - google another (non-jazz) recording of it. Which one do you like best?
