

SCHOOL KIT AT HOME

WATCH: Look at the photos below taken by Bella-Reed Photography.

TALK: Since no one can travel at the moment, this photographer decided to bring the world to her dogs. She's located scenic photos and added her dog in to the photo - and just like that the dogs have "been" to all these famous places.

DO: Find your own 10 ultimate destinations - use your skills to add yourself, a family pet, a friend or even a grandparent in to the photo.
