

## Learning for Term 3 Week 7 - Monday 6th September - Friday 10th September

**Virtue: Commitment** - Commitment is caring deeply about something or someone. It is the willingness to give your all to a friendship, a task, or something that you believe in. It is the ability to make decisions and follow through on them. It is about keeping your promises.

**'I' statement** - "I practice commitment. I make good decisions, and give my all to whatever I do. I keep my agreements. I am a faithful friend.

**Whakatauki:** "Poipoia te kakano kia puawai" - "Nurture the seed and it will blossom"

### Maths

#### Matharoo

We will add the matharoo PDF's to the google folder as soon as they arrive on Monday. You will be given all of the matharoo levels, you are expected to complete the sheet at your level.

We will mark and go through these at our Matharoo sessions on Thursday.  
MP and UP - Mr Williams & Mr Bright  
LP and EXT - Mrs Glasgow

**Maths - Some of these are the same as last week, as not everyone has completed all tasks.**  
**Fractions, Decimals and Percentages**

**Mystics-** (Badge Group) - National Curriculum Mathematics Level 5 Book 1. Focus is on Percentages - pages 196 - 210 (each individual page is a pdf). Please check in with Mr W.

**Stars** - Mr W's Group - Mathematics and Statistics Learning Workbook. Focus is on Percentages - pages 73 - 86 (each individual page is a pdf). Please check in with Mr W.

**Magic and Pulse** - Mrs G and Mr Brights group - There are a range of different fractions, decimals and percentages activities in your folder. Some are from last week for those of you who still need them. The percentages activities are all new and we will focus on these in our Zooms on Tuesday. Have a go. If you have any questions, Mrs G will be happy to help.

**Tactix-** Mrs G's group - There are 4 Number knowledge sheets which would be really good to practice. There is also a range of different fractions and decimals activities in your folder. Have a go. If you have any questions, Mrs G will be happy to help.

There are also some **Otago Problem Solving Practice Questions** if anyone wants to answer them, and then send them through to Mr W

## Literacy

<b>TED Talk Presentation</b>	<p>Last week we introduced that instead of writing a speech you are going to create a TED Talk presentation. This is essentially a speech with bells and whistles to support your speech.</p> <p>Wednesday's zoom sessions will provide you with the opportunity to spend some one on one time with one of the teachers to support you with this. Please click on the link and fill in the table.</p> <p><a href="https://docs.google.com/document/d/1OveYD-r7_7WYdxmheKBzEajbJqOUYCEayK7XNRjL27o/edit">https://docs.google.com/document/d/1OveYD-r7_7WYdxmheKBzEajbJqOUYCEayK7XNRjL27o/edit</a></p> <p>If you set up a google doc and make it editable <a href="mailto:reece@omata.school.nz">reece@omata.school.nz</a> and <a href="mailto:jemma@omata.school.nz">jemma@omata.school.nz</a> we can help you as you go.</p>
<b>IWA Writing</b>	<p>Continue with your IWA writing around the Media. Please make sure that it is a google doc and that you have added Mr W to it, so that he can check on your progress. The deadline for this is fast approaching.</p>
<b>A Divided World</b>	<p>After your zoom sessions with us last week, delve further into your research on your 'A Divided World' project.</p> <p>We would love to see your presentations on this.</p> <p>Be creative.</p>

## Science

### Chemistry at home

#### The Rubber Egg

Check out this experiment, but make sure you do not use all of the eggs set aside for baking.

This experiment uses an acid (vinegar) and also shows you the process of osmosis (the movement of water from a less concentrated solution to a more concentrated solution through a partially permeable membrane).

## Art

### Sculpture

You may have seen on the news recently that a TV presenter managed to make a cardboard sky tower from the cardboard packaging he had in his isolation room.

Here is the article if you would like to have a read.

<https://www.newshub.co.nz/home/travel/2021/08/burr-the-builder-kiwi-journalist-lloyd-burr-constructs-human-sized-model-of-auckland-sky-tower-while-in-managed-isolation.html>

What can you construct from cardboard at home?

Can you make an accurate representation of a building?

Remember to send photos of your construction through to Mrs G and Mr W

## School Kit at Home

There is a diverse range of different activities that may be of interest to you. Year 8 students - many of these may have been completed by you last year, but take a look through. There are some new ideas that have been added. Keep an eye on your email. Mr Williams will be sending new activities each day.

**We will be emailing you each day. Make sure you keep up with your emails.**

**Your zoom links will be coming through soon too. We will see you then.  
Mrs G and Mr W**
